

85th Annual MEA Conference

UNDERGRADUATE CALL FOR PAPERS

Deadline for Undergraduate Proposal Submissions
December 1, 2020

MEA Virtual Conference Dates

March 22-28, 2021

The Midwest Economics Association (MEA) invites submission of undergraduate student research proposals. Those selected will be invited to present research papers in special undergraduate sessions at the 85th Annual Meeting, March 22-28, 2021.

Please refer to **Forms & Guidelines** on the MEA website [\[mea.grinnell.edu\]](http://mea.grinnell.edu) for more complete information about undergraduate guidelines and to find the submission form. [Note: Sole-authored and co-authored works are welcome, if all authors were undergraduates at the time of completion. Recent graduates may also submit work completed as an undergraduate, provided they have not yet gone on to graduate school.]

Authors must pay a \$20.00 fee to submit an abstract for consideration. There will be an additional conference registration fee if selected to present, which will allow access to the entire conference.
